Table 1: 2022 international undergraduate subject fees

The subject fees in Table 1 set out the basis for calculating your tuition fees but do not necessarily represent the fees for a typical undergraduate enrolment. The fees shown in Table 1 are for each 100 credit points (1 EFTSL)¹ of study in that discipline fee band. Most undergraduate courses require students to enrol in subjects from more than one discipline fee band for a total study load across all subjects of 100 credit points per year.

Table 2: Typical international undergraduate course tuition fees for 2022

The fees in Table 2 provide an estimate of the course tuition fees for students commencing an undergraduate course in Semester 1 2022. As far as possible, the fees provided in this table show the typical tuition fees that a student enrolled in each undergraduate course will pay for the first year of the course in 2022. As a guide, a typical total course fee is also shown.

For most courses the typical tuition fees are based on subject enrolments normally undertaken by students in the course, and reflect the discipline band of the subjects comprising the degree. For some degrees a typical fee range is shown, due to the wide range of variables that may affect the course structure, and subjects taken.

Please note that:

- The fees provided are indicative only and may vary depending on the number of subjects undertaken, their credit point value and the discipline band for each subject undertaken during your enrolment. Actual tuition fees payable may vary and will be the sum of the fees for all subjects in which you enrol.
- The 2022 typical course fee shown provides an estimate of the tuition fees for the first year of the course. This estimate assumes a full-time study load, commencing in Semester 1, and is for 2022 only. If, for example, you complete a subject sequence in one year that is more than one EFTSL your fee liability will increase.
- The typical total course fee shown provides an estimate of the tuition fees for the whole course. This estimate is based on typical subject enrolments in each year of the course with indexation of the 2022 international undergraduate subject fees at 5% per annum for every additional year of study after 2022. The amount shown assumes students complete no more than the course duration indicated.

Table 3: 2022 international graduate course tuition fees

The course fees in Table 3 set out the basis for calculating your tuition fees showing the fee for each 100 credit points (1 EFTSL)² of study in that course (2022 International course fee).

The table also provides an estimate of the tuition fees for the first year of the course, and an indicative total course fee. These fees are provided as a guide only and are based on a typical study load for students commencing the course in Semester 1 2022. Please note that unless indicated:

- The estimated fee year 1 assumes a full-time study load, commencing in Semester 1 2022, and is for 2022 only.
- The indicative total course fee assumes a full-time study load over the duration shown, commencing in Semester 1 2022, with indexation of the 2022 international course fee at 5% per annum for every additional year of study.
- It is assumed that courses less than one EFTSL duration are completed in less than one year and in 2022.
- For courses where no CRICOS code is listed please see Section 1.2, page 5 of the Terms and Conditions for International Students.
